City: Patterson

Title of Project: New Community Building

City's Population: 130

In a few sentences, give a summary of the project and why it was needed:
Our 1930 Community Building was a old bus barn. Before it became a bus barn it was used a school room then a music room. There was cracks in the floors that was 1/2" to 1"wide. The bathrooms and kitchen wasn't ADA compliance. The roof started leaking. There was only a couple of citizens would rent it for family gatherings.

Explain the specific role of your city in this project:
The City design the layout of this 40*80. The City provided 60% of the total project cost, The City main fundraiser is around the 4th of July.

In a few sentences, what future impact will this project have on your community?
The completion of this project assures that the building continues to be a gathering place for the Patterson community. It is used by other local organizations like the Boys Scouts. The building is being rented, for family gathering, funerals and Land Auction. The City uses the building for meetings, fun raisers and Bingo on regular basis.

Total cost of project: $144,330.00
